VERSATILITY RAISED HERE, STAYS HERE AND GOES EVERYWHERE.

THE MOST INNOVATIVE SEATING AND STORAGE IN ITS CLASS. Luxury need not come at the expense of practicality with standard leather-trimmed seats and the Stow ‘n Go® seating and storage system from the Touring model on up. Driver and passengers cohabitate comfortably with standard intuitive features like a Three-Zone Automatic Temperature Control (ATC), which considers temperature preference of all three rows’ cabin mates and the standard DVD player means occupied second-row occupants are a driver’s best friend. The fold-and-stow second- and third-row seats fold individually into floor bins, allowing you to go from seven seats to two, or any combination in between. With all seats stowed, the Town & Country yields a flat cargo floor and 144.2 cubic feet of storage for easy loading without ever having to remove a seat. When the seats are in their upright position, in-floor bins store a multitude of items, from laptops, purses and toys to backpacks and sporting equipment.

All Town & Country models also include the class-exclusive *Stow N Place® Roof-Rack System, which can carry up to 150 pounds of cargo. The convenience of folding crossbars that attach to the side rails when not in use improves aerodynamics.

The Town & Country S brings a cool, modern design to the Touring model and is tailored for an active, style-minded lifestyle. The exterior and interior enhancements, as well as top-tier standard equipment, make this edition a welcome member to the Chrysler family of S trims. The exterior features a Black chrome grille, Black-background front and rear Chrysler wing badges, a Black rear fascia step pad, “S” model badging, Blacked-out headlight bezels, and 17-inch aluminum wheels with polished face and Black-painted pockets. Premium, lower-rolling-resistance tires, low-drag brake calipers and rear bearings enhance fuel efficiency. The performance suspension on S adds a new level of handling dynamics to the driving experience, yet still provides a comfortable ride that’s expected in a luxury minivan.

Inside, a monotone Black interior, unique to the Town & Country S, starts with Black Torino leather-trimmed seats with Silver stitching and embroidered “S” logos, and Black Ballistic cloth seat inserts. Piano Black Gloss appliqués are found on the instrument panel and the spokes of the Black leather-wrapped, flat-bottomed steering wheel. Chrysler wing badges on the steering wheel match the Black background of the exterior badging. Finishing interior touches include a Black headliner and upper consoles, Black center console and an “S” logo in the instrument cluster. A premium Super Console provides power outlets, cup holders, covered storage, and more to both front- and second-row passengers. A class-exclusive* Blu-ray™ DVD system with HDMI input and two USB ports for recharging is standard on S. This system allows backseat passengers to view standard DVDs and Blu-ray videos or to play high-definition video games on the screens. Wireless headphones allow highseat passengers to enjoy the full entertainment system without forcing front-seat passengers to hear the accompanying audio.

* A note about this brochure: All disclaimers and disclosures can be found on the inside back cover.
A RICH HISTORY OF KEEPING PROMISES AND AMPLIFYING AMERICAN INGENUITY TO ENSURE THAT EVEN THE SMALLEST VOICES ARE AT ONCE GUARDED AND HEARD.
AT THE END OF THE DAY,
MAKING HISTORY IS SWEETEST WHEN YOU MAKE YOUR OWN.
It stands as proof that poise is a trait that can be inherited.

Town & Country features black and chrome exterior accents with 17-inch polished wheels with black painted pockets.
THE ROADS OF INTENTIONS AND INVENTIONS
ARE PATHS THAT NEVER END.

Tailgate seat mode should not be used when vehicle is in motion. Always use your seat belts.
HERE'S TO THE SPIRIT OF OUR TOWN & COUNTRY.
This popular model is what continues to make the 2014 Town and Country minivan the Most Trusted Minivan 12 years in a row. This long-standing innovative versatility is the reason why it has received the R.L. Polk award as the most trusted minivan in its class for 12 consecutive years. Including all of the versatile features on Touring, Touring-L adds perforated leather-wrapped seats for distinctive styling and ventilation along with a power front-row passenger seat, window shades, security alarm, remote start, an available class-exclusive heated steering wheel and an available class-exclusive Super Console for enhanced comfort and convenience. The Touring-L model also includes a standard SafetyTec package with intuitive driver-aided advanced technologies like Blind Spot Monitoring® and Rear Cross-Path Detection. See workbook for all standard and available features on each model.

30TH ANNIVERSARY EDITION.
A celebration of 30 years since Chrysler invented the minivan, this special-edition model pays homage to the innovation and versatility that have been the trademark of its purpose to growing families for decades. Based on the Touring-L model, the 30th Anniversary Edition adds unique adornments inside and out, including front bucket seats, as well as second and third row seats wrapped in luxurious Nappa leather with Alcantara® suede for a smooth-as-silk experience for everyone along for the ride. This model also includes premium front-door trim, chrome-trimmed instrument panel with Black finish bezel, leather-wrapped steering wheel with chrome accents and 17-inch polished/painted wheels with 30th Anniversary badging for a final touch of quality assurance. Additional contents include remote keyless entry, Keyless Enter ‘n Go®, heated front- and second-row seats, bright door handles, heated steering wheel and power adjustable pedals.

TOWN & COUNTRY LIMITED IS THE MOST LUXURIOUS MINIVAN IN ITS CLASS! It combines standard features such as Nappa leather-trimmed seating, a class-exclusive heated steering wheel, eight-way power driver and front passenger seats, heated front- and second-row seats and seating for seven with available luxury second-row seats. Making the premium luxury, technology, comfort and convenience features standard is what makes the Limited model Town & Country’s high-end upper classmate. With standard features like the premium Super Console, dual Blu-ray™ and DVD second- and third-row screens, nine amplified speakers with subwoofer and the plethora of advanced safety and technology features combined with a luxurious leather-wrapped interior and one-touch power folding third-row seat, Limited makes its standing known.

AMBITION, BELIEF IN QUALITY AND DEDICATION TO VALUE GIVE REASON TO TRUST.
Ambition, belief in quality and dedication to value give reason to trust.

Chrysler TOWN & COUNTRY FEATURES

UConnect™ TOUCH SCREEN FOR MUSIC, NAVIGATION AND COMMUNICATION.

ENTERTAINMENT: Manage your media with multiple ways to access audio, including Bluetooth® Streaming Audio, Pandora® control with Voice Command, DVD player, auxiliary input jack, SD card slot and compatible multimedia devices with SiriusXM™ Satellite Radio®. (See your dealer for specific services).

PHONE: Uconnect Phone is the in-vehicle, voice-activated communication system that allows you to pair up to seven Bluetooth-compatible mobile phones with their hands-free system. This system is also clever enough to synchronize with your phone’s contacts — up to 1,000 entries.

VOICE COMMAND: It helps simply by driving by letting you keep your eyes on the road and your hands on the wheel. One voice to your music, a single voice to your radio. Using your voice to select AM/FM radio stations and SiriusXM® Satellite Radio channels makes calling and listening even more enjoyable.

WEB: Put the power of high-speed Internet in your vehicle with Myfi. Make your vehicle a mobile hotspot. Passengers can use multiple devices at the same time. There’s no need for cell cards or software with the Authentic Chrysler Accessories by Myfi. It’s all wireless. Subscription required. Sold separately.

NAVIGATION: Provides turn-by-turn voice guidance and visual display. It features the Garmin® intuitive user interface, bringing the Garmin handheld experience to a factory-in-dash radio.

SiriusXM™ Travel Link™ Brings national weather forecasts, real-time traffic for local gas stations, in-game and final sports scores, weekly movie theater listings, local travel conditions and GPS navigation capabilities. In your TOWN & COUNTRY vehicle — you’ll get every channel available on your radio, including all the premium programming, sports scores, weekly sports schedules, local movie theater listings and local ski conditions right to your vehicle.

SiriusXM All Access Package™ Enjoy over 150 channels of the best programming for all the places life takes you. In your vehicle — you’ll get every channel available on your radio, including all the premium programming, like Howard Stern and every NFL® game. On the go — with SiriusXM Internet Radio subscription included with the All Access trial, you’ll get SiriusXM on your computer, smartphone or tablet. Go to www.siriusxm.com for more information.

Go to DriveUCONNECT.com to find out more.

THE BEST MADE EVEN BETTER WITH BLU-RAY™

Let the premium level of entertainment features keep your passengers occupied with the available dual DVD system with class-exclusive® Blu-ray® Disc player. With a standard single-DVD system, two available nine-inch new VGA high-resolution screens that flip down from the overhead console, two USB ports, HDMI connectivity and game-console inputs, the kids don’t have to settle on just one thing to watch.

The video system can be operated from either the rear-seat entertainment unit, the wireless remote or the radio head unit. The self-contained entertainment system in the overhead console also contains storage for the wireless headsets and remote. LED Blue Sapphire halo-lighting from the overhead rail, providing a relaxing environment for viewing. SiriusXM Satellite Radio® is also standard on all models. The game shown — Disney/Pearl Brave — The Video Game — is available now for Xbox® 360® Disney/Pearl

OFFERS THE MOST INNOVATIVE SEATING AND STORAGE IN ITS CLASS®

Luxury need not come at the expense of practicality. The fold-and-stow second- and third-row seats fold individually into floor bins, allowing you to go from seven seats to two or any combination in between. With all seats stowed, the Town & Country provides a flat floor cargo area 116.4 cu ft of storage for easy loading without having to rearrange the seats. When the seats are in their upright position, 60-inch bins store a multitude of items, from laptops and papers in the second row to four laptop cases, backpacks, sporting equipment, shopping bags and shopping carts. The available premium Super Stow n Go® provides power outlets, cup holders, covered storage and more to first- and second-row passengers. The 2014 Town & Country also includes the class-exclusive® Stow ‘n Place® “mat” roof system which can carry up to 150 lb of cargo. The convenience of folding crossbars that attach to the side rails, when not in use, improves aerodynamics.

Available Active and Passive Safety and Technology Features and Our Care for Future Generations Meet Your Security Standards

Available safety features include a multitude technology advanced offerings to detect potential obstacles and then deploy safety and security features to help protect what matters most. Because you and your passengers are all unique, it makes sense that your Town & Country is in a class by itself. We call it SafetyTec. You call it peace of mind.

Supplemental Side-Curtain Airbags® These air bags, which protect to all rear-seat passengers, including third-row passengers. Upon side impact, the system deploys the specific side air bag and a curtain required for occupant protection.

Advanced Multistage Front Airbags® This feature regulates the amount of force necessary for the front occupants by impact severity, including low-risk deployment.

Front Seat-Mounted Side Airbags® Additional air bags are integrated into the front seats to offer pelvic and thoracic protection. The air bags deploy concurrently with driver and front-passenger seat-position sensors.

Power Liftgate with Obstacle Detection® As the sliding door, the power liftgate detects most obstacles in its path and will automatically stop and reverse.

Power Adjustable Pedals. Available adjustable brake and accelerator pedals allow you to customize the position, enabling the driver to maintain a comfortable distance from the steering wheel. The memory function on Limited customizes each fob’s position setting.

Door Alert. This selectable feature automatically flashes signal lights, indicating which sliding door is open.

Remote Keyless Enter ‘n Go™. The personalized key fob enables passive vehicle entry. With the fob in a pocket or purse, doors automatically unlock as you approach the vehicle. This available system allows quick access without fumbling for the key.

Child Protection Rear Door Locks. A small lever on the front edge of the sliding door disables the rear door’s inside release handles.

Only Premium Minivan with Standard Power Sliding Doors® With the push of a button, in cabin or on key fob, the dual sliding doors effortlessly open. These power doors detect most obstacles in their path to automatically halt their motion and reverse.

Remote Keyless Entry. The power sliding doors and power liftgate allow you to slide open rear doors and open the liftgate, all with the touch of just a couple of buttons on the key fob, overhead console or inside the cabin.

Active Front Row Head Restraints® In the event of a rear-end collision, these restraints automatically move forward and upward to decrease the space between the head restraint and the occupant’s head.

Enhanced Accident Response System (SRS). This system makes it easier for emergency personnel to see and reach occupants in the event of an accident by turning on interior lighting, flashing hazard lamps, and activating doors after air bag deployment. It also shuts off the fuel to the engine.

Tire Pressure Monitoring System. Individual tire-pressure amounts are displayed in the instrument cluster and alert the driver to tires with high or low pressure.

Constant Force Retractors. Seatbelt retractor sensor vehicle impact and immediately apply pressure to the seat belt to properly position the occupant before the full load of impact is imparted. It then reduces the seat belt load in order to moderate forces during the impact event.

Driver’s Inflatable Knee BlockerTM This separate air bag located in the lower instrument panel is designed to help position the driver properly for the front air bag.

Crunch Zones. In the event of an impact, specifically designed front and rear crush zones absorb energy and redirect it away from passengers, helping to reduce the risk of injury.
