IMPORTANT SAFETY RECALL R63 / NHTSA 15V-800

This notice applies to your vehicle (VIN: xxxxxxxxxxxxxxxx).

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Dear: (Name)

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain 2013 and 2014 model year Dodge Dart vehicles equipped with a 2.0L or 2.4L Tigershark engine.

The problem is...  The brake booster on your vehicle may experience engine oil migration from the vacuum pump, through the vacuum supply tube, and into the brake booster. Prolonged brake booster diaphragm exposure to engine oil could cause the diaphragm to fail. This could lead to a loss of brake booster assist and/or an air leaking sound. A loss of brake booster assist could require the driver to apply additional brake pedal force to stop the vehicle. The lack of brake booster assist could change the braking characteristics of the vehicle and cause a crash without warning.

What your dealer will do...  FCA will repair your vehicle free of charge. To do this, your dealer will inspect for engine oil in the brake booster. Brake boosters without engine oil contamination will have an improved vacuum supply hose installed. Brake boosters with engine oil contamination will also have the brake booster and all related components replaced.

The inspection and vacuum supply hose replacement will take ½ hour to complete. An additional 3 hours will be required if the brake booster is contaminated with engine oil. However, additional time may be necessary depending on service schedules.

What you must do to ensure your safety...  Simply contact your Chrysler, Jeep, Dodge or RAM dealer right away to schedule a service appointment. Please bring this letter with you to your dealer.

If you need help...  If you have questions or concerns which your dealer is unable to resolve, please contact the FCA Group Recall Assistance Center at either fcarecalls.com or 1-800-853-1403.

Please help us update our records by filling out the attached prepaid postcard if any of the conditions listed on the card apply to you or your vehicle. If you have further questions go to fcarecalls.com.

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online or you can mail your original receipts and proof of payment to the following address for reimbursement consideration: FCA Customer Assistance, P.O. Box 21-8004, Auburn Hills, MI 48321-8007, Attention: Recall Reimbursement. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you’ve had previous repairs and/or reimbursement you may still need to have the recall repair performed on your vehicle.

If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., S.E., Washington, DC 20590, or you can call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to safercar.gov.

We're sorry for any inconvenience, but we are sincerely concerned about your safety. Thank you for your attention to this important matter.
